

ABANDONED FARMS.

There is widespread interest in the matter of abandoned farms in the New England States. The State Board of Agriculture of Massachusetts has prepared a descriptive catalogue of the farms abandoned in that State. The Legislature of 1891 passed very favorable laws relating to those farms which have given a stimulus to purchasers, and numerous inquiries are being made regarding them. Advance sheets of the new catalogue have been given the press. The report says:

Up to December 21, 1894, returns were received concerning 359 of the 400 farms described in former editions of the catalogue. Of these 150 were reported sold, 79 wished to have the description continued in the new edition of the catalogue, and the others had not been heard from. The purchasers of the farms sold were residents of Massachusetts, New York, Connecticut, New Jersey and Nova Scotia. Fifty-six farms were purchased for agricultural purposes, fourteen for homes, eleven for investment, five for farms and poultry raising, six for dairy and stock raising, five for summer residences, four for poultry raising, two for sheep raising, one for poultry raising and market gardening, one for cranberry culture, one for lumber, while the intentions of forty purchasers have not been obtained.

By the State census of 1887 there were 35,010 farms in Massachusetts, representing a total acreage of 3,898,426; an average acreage of 85.61; a total value of lands and buildings of \$185,189,925; an average value of lands and buildings of \$4,112.83.

The total acreage of the abandoned farms is 61,763; average acreage 110.6, and the average amount asked for the farms \$1,670.40. The total acreage of the 150 farms sold is 15,110, and average of 100.73, and the average price for which they sold \$1,527.50. The catalogues of abandoned farms are sent free on application to the State Board of Agriculture of Massachusetts.

New England towns have increased in wealth and population at the expense of the agricultural communities. The factories and better wages than the farmers could afford and wheat and pork could be produced in the West and shipped to New England cheaper than it could be produced at home. The consequence was that farms, except in favored localities, were neglected or abandoned, as the young men and women found it more profitable to work in factories than on the farms. An effort has been made in New Hampshire and in Maine to colonize immigrants from Northern Europe on the abandoned farms in those States, but it has not been successful as the Danes, Swedes and Norwegians prefer the Northwest States to New England.

THE PENDING BILL.

Senator Brice emphatically denies that he is attempting to engineer through Congress any compromise bill for settlement of the Pacific railroads' debts. A few days ago it was reported that he had drafted a compromise bill, in fact a synopsis of the bill was published. He repudiates the bill and declares that the Senate will take no initiative step to force through any kind of a bill bearing on the settlement of the railroad indebtedness.

Senators White and Perkins of California do not think there is any possibility of getting any legislation relating to the funding of the railroad indebtedness through the Senate at the present session. The railroad lobbyists are circulating all sorts of rumors since the Reilly funding bill was defeated in the House, for the purpose of keeping up the agitation, though they have no hope of securing any legislation favorable to the railroads at this session.

The Committee on Pacific Railroads instructed Mr. Reilly to consult with the President, Secretary of the Treasury and Attorney General, and ascertain what, if any, legislation is necessary at this session for the protection of the Government interests in the subsidized roads. If the Administration decides that no legislation is necessary at this session, the matter will be dropped and the Fifty-Fourth or some subsequent Congress will have to settle the question.

It is possible that the Government ownership of the Pacific Railroads will be an issue in the next Presidential campaign next year in which event the people of the Pacific States will have opportunity to declare for or against the proposition, and artful dodgers, like the members of the Publishing Company, who are non-committal, will be almost obliged to show their colors.

THE NEW LOAN

It is said that the new loan of \$100,000,000 to replenish the Treasury, so that the Secretary will not be obliged to pay out a silver dollar for any purpose, will be made at a rate of interest not exceeding 3 1/4 per cent. The rate was agreed upon at a conference of the New York agents of English banking houses and the President and the Secretary of the Treasury. The agents stood firmly for 3 1/4 per cent. As the President and Secretary do not like to offend the Wall Street men, they were more considerate than they have been with the representatives of the people who wanted silver coined, and after some parleying, which may have been for public effect, an agreement was reached by the terms of which the in-

terest was not to be less than 3 1/4 per cent.

It is understood that \$65,000,000 of the loan will be placed with European capitalists and the balance with the American syndicate. This will be satisfactory to the gold men on both sides of the Atlantic and no objection will be made, of course, by the goldbugs in Congress.

It is a strange condition of affairs that the United States, with about 140,000,000 ounces of silver bullion stored in its Treasury vaults, and mints for coining it idle, has to pay interest on \$200,000,000 to get money enough to meet expenditures. The gold men know as well as the silver men that this is wrong, but they find it to their interest to sanction it and Nevada Republican leaders uphold them and are as mad as March hares because the people would not submit to their dictation.

THE BOND BILL.

The vote on the bill to issue \$500,000,000 in bonds shows that ninety-two Democrats and forty-two Republicans voted for the bill, and ninety-eight Democrats, fifty-six Republicans and seven Populists and Silver men against it. The bill was an Administration measure. It had the approval of President Cleveland. It was intended to prevent all legislation in the interest of silver and increase the national debt half a billion of dollars, yet notwithstanding the disposition of the Republicans to oppose Administration measures, forty-two of them, including Reed of Maine, could not resist the temptation to permanently establish the gold standard, and voted for the bill. Their dislike for silver overcame their opposition to Cleveland Democracy and they combined with the "cuckoos" to saddle an enormous debt on the country rather than coin silver and put it in circulation.

ANOTHER JAPANESE VICTORY.

The Whole Chinese Fleet Sunk. London, February 8.—A dispatch from Chee Foo this afternoon says: The Japanese have carried all the positions at Wei-Hai-Wei and captured or sunk the whole Chinese northern fleet. The Japanese during the night of Monday cleared Wei-Hai-Wei harbor of all torpedoes and submarine mines by the skillful use of small torpedo boats and steam launches from the war ships which grappled for and cut the wires connecting the submarine mines at the shores. The fleet of Japanese torpedo boats then made a splendid dash for the harbor and attacked the Chinese fleet with such skill that the battleship Ting Yuen was sunk. These tactics were repeated during the night of February 5th, and the Chen Yuen, Lay Yuen and other Chinese war ships were blown up and the remainder of the Chinese fleet was captured. Following up this splendid success the Japanese completed the capture of Wei-Hai-Wei yesterday by landing a large force and seizing the Island of Liu Kung Tau, which has made a gallant defense against the enemy.

Some of the Japanese war ships passed Chee Foo early this morning and fired a few shots at the forts without doing any damage, and in view of the reports current regarding the fleet, an attack was made upon Ming Hai yesterday and the belief grows that the Japanese are going to attack Chee Foo.

THE BONDS SOLD.

New York, February 8.—Morgan & Company have received the following dispatch from J. P. Morgan at Washington: The syndicate has sold to the Secretary of the Treasury 3,500,000 ounces of standard coin at about \$17.89 1/2 per ounce, payable in United States thirty-year 4 per cent bonds.

TO FIGHT AGAINST VICE.

It Takes Strong Nerves and Clear Brain These Days.

The Rev. I. P. Quimby of the Broadway Church, Boston, Says It is His Duty to Recommend Paine's Celery Compound --It Makes People Well.

REV. I. P. QUIMBY.

Clergymen to-day need big hearts and sound nerves to accomplish all the good they intend.

It isn't merely the fact of preaching once a week that makes the life of the minister of to-day so wearing on nerves and brain. Their everyday labor is a round of exacting duties that tax heavily their nervous strength.

The modern minister must keep up his enthusiasm, his hopefulness and his genuine love of his work. He must feel strongly, think deeply and have confidence in his labor and in himself.

But all this taxes heart and brain to their utmost. It calls for a tremendous outlay of nervous energy seven days in the week and 365 every year. Many clergymen break down utterly under the nervous strain.

Rev. I. P. Quimby, the well known Boston preacher, has been saved from nervous prostration.

In a publication of his Sunday School he recently published the following open letter:

Boston, Nov. 10, 1894.

Never in my life have I commended any proprietary medicine, but I would be derelict in duty if I failed to let the public know what a great boon to humanity I believe Paine's Celery Compound to be. With a family of seven I have not paid a dollar for a doctor in ten years, and I owe it to the fact that I always keep Paine's Celery Compound on hand, and when any of us are "out of sorts," administer it.

Both wife and I in our arduous church work, are often, by anxiety and

overwork, reduced to the verge of nervous prostration, and as often, by the use of Paine's Celery Compound, restored to our wonted energy of mind and vigor of body.

Our sons, who are young pharmacists, tell us they sell more of Paine's Celery Compound than any two proprietary medicines, not excepting the sarsaparillas.

Yours for Paine's Celery Compound, REV. I. P. QUIMBY, Pastor of Broadway Church, Boston, Massachusetts.

When the nervous strength has become from any cause impoverished, Paine's Celery Compound succeeds as nothing else has ever done.

From a state of depression, exhaustion and listlessness the nerves grow strong, active, and perfectly nourished by means of Paine's Celery Compound, the great modern nerve and blood remedy that makes people well. And with the strengthening and regulating of the nerves, the disorders that depend on the faulty nutrition of the tissues disappear. Such are rheumatism, neuralgia, heart weakness, headaches, low spirits, lack of strength, and that general poor health that is so impossible to define.

Sound nerves, healthy blood, and an all round vigorous constitution of the body is the invariable effect of taking Paine's Celery Compound. This great, modern restorative corrects derangement of the nervous system, and averts prostration when protracted strain has reduced it to an exhausted, poorly fed, devitalized condition. Try it.

By McDonald, A. B. No. 18—Copying the Assembly Journal, present session for the State Printer. Miss Nellie Sweeney of Carson to have \$150 for said service. Ways and Means.

By Gignoux—That when the Senate adjourns this day the adjournment shall be until the regular hour on Monday next. Carried.

By Skaggs, S. B. No. 8—To prohibit free railroad passes to members and public officers. Placed at bottom of file.

At 11:35 recess was taken till 1:30.

AFTERNOON SESSION.

JUDICIARY COMMITTEE.

The Committee on Judiciary reported S. B. No. 9 and A. B. No. 4 without recommendation that it be returned to the Assembly for corrections and engrossment.

On motion the report was adopted and A. B. No. 34 ordered returned.

By Judiciary Committee, S. B. No. 17—Amendatory of an Act creating a Board of State Capitol Commissioners, defining their duties, etc. Ways and Means.

By Judiciary Committee, S. B. No. 18—Concerning the residence of the Lieutenant Governor; shall not be required to reside at the seat of Government.

GENERAL FILE.

The unfavorable report of the committee on the claims of John Mullen was adopted.

By Comins, S. C. R. No. 8—Opposing National and State banks of issue as being detrimental to the cause of silver. Considered engrossed, and on final passage carried 14 yeas, 1 absent.

By Skaggs, S. B. No. 8—Prohibiting free passes to members and public officers. Having been returned from Committee without recommendation it was re-referred to Judiciary Committee.

ASSEMBLY.

Met at 11 A. M., Speaker Allen presiding.
Roll call, prayer by the Chaplain and reading of the Journal as usual.

Coryell, for Committee on Corporations, reported A. B. No. 4 with recommendation that it be referred to the delegations of the counties through which the Air Line railroad proposed to pass.

Beck moved that the bill be referred to a select committee composed of delegates from White Pine, Eureka, Lander, Churchill and Washoe counties. Carried.

A message was received from the Governor transmitting report of World's Fair Commissioners.

MOTIONS AND RESOLUTIONS.

McNaughton moved that Senate resolution relative to the inaugural ball be laid upon the table. Carried—15 to 10.

McNaughton moved that Senate Resolution No. 7, relative to the excellent public services of G. W. G. Ferris, be adopted. Carried.

INTRODUCTION OF BILLS.

By Allen of Eureka, A. B. No. 68—To consolidate certain offices in Eureka county. Eureka Delegation.

By Conbole, A. B. No. 57—Act to provide for the government of certain towns. Storey Delegation.

By Francis—To provide for the publication and distribution of the Assembly proceedings. Provides that the State Printer shall publish daily the full proceedings of the Assembly for distribution, the appointment of an official stenographer, etc. Committee on Public Printing.

bilities in gold, silver or other legal money of the United States. Senate amendment adopted and bill passed as amended.

By Comins, Senate Concurrent Resolution No. 7—Relative to the construction of the Nicaragua Canal. Motion to lay it on the table lost. On motion it was made special order for Tuesday next at 2 P. M.

At 12:10 recess was taken till 2 P. M. AFTERNOON SESSION.

"WELL" ENOUGH LET ALONE.

A. B. No. 14, the "Well" bill, came up on its final passage as amended, making it a misdemeanor to sell or deal out spirituous liquors in the State Capitol building after April 1, 1895.

McNaughton, the author of the original bill, said that he would vote for the bill as amended, being satisfied that it could not pass as originally introduced making its provisions take immediate effect. It was the best they could do under the circumstances.

The bill was finally passed—26 yeas; 8 noes; 1 absent. The noes were Hinman, McDonald and Wieland, Francis being absent.

A. C. R. No. 8—Relative to increased mail service in Lincoln county. Adopted.

A. C. R. No. 9 on the same subject was also adopted.

A. C. R. No. 7—Relative to the interests of the silver States and Territories. Ordered engrossed.

RAILROAD MATTERS AGAIN.

By Beck, A. C. R. No. 6—Relative to discriminations in freights by Pacific Railroad Companies.

Denton moved its indefinite postponement.

Hogan opposed the motion vigorously and with feeling. He denounced the unjust discriminations and general oppression by the Pacific Railroad Companies as infamous and something which the people of the State expect to express their feelings upon. He wanted the matter squarely discussed and not postponed.

Denton said it was no use spending time in a long protracted discussion of this chronic subject when another bill was already before the House which covered all the points in this with stronger purpose and effect. Moreover it called for the strict enforcement of the Interstate Commerce Act by Congress, and all Congress has to do is to enforce that Act.

The motion for indefinite postponement was lost—14 to 15; absent 1.

Noel gave notice of a motion to reconsider the vote by which it was lost.

By Comins, S. C. R. No. 8—Opposing national and State banks of issue as opposing and detrimental to the cause of silver. Federal relations.

At 3:40 P. M. the Assembly adjourned till Monday next at the usual hour.

INCIDENTALS.

The Assembly Standing Committee on Education held a meeting this afternoon at the office of H. O. Cutting, State Superintendent of Public Instruction, shortly after the House adjourned. Governor Jones, ex-Governor Colcord and several members of the Senate were present by invitation to listen to President Stubbs of the State University. He made quite an extended address explanatory of the condition and requirements of the University, its present utility and demonstrated how it can be improved and its future utility and practical value to the State at large materially enhanced and advantageously promoted by legislative assistance and encouragement at the present time. His remarks were practical, interesting and good.

A very fine delegation of about thirty young misses and lads from the Gold Hill High School visited the Capitol today under the marshaling of Principal Storey. They cruised about town, visiting the Orphans' Home, Legislature, High School, State Prison, Mint, Postoffice and the other public institutions, had a fine chicken lunch, cakes, nuts and candy, and went home in the evening hilariously happy.

The Assembly laid the Inaugural ball on the table to-day as soon as they found out that the expense of the arrangement had to be paid out of their pockets instead of the General Fund. But they will come around all right in due time.

Flannery's "Well" bill came up in the Assembly, amended so as not to take effect till after April Fool Day and passed triumphantly, only the noble Romans, Hinman, McDonald and Wieland, voting no.

Sheriff Kinney does not have to ring the curfew bell at 8 P. M. to drive the youngsters home. They know him and go, but he has to keep a special eye on the Legislators and attaches, especially after midnight when they are lurking around the back streets and corners.

WEATHER BULLETIN.

Remarkable Weather—All Variations From Blizzard to Tornado.

(Copyrighted 1895, by W. T. Foster.)

St. Joseph, Mo., February 9.—My last bulletin gave forecasts of the storm waves to cross the continent from February 12th to 16th. The next will reach the Pacific coast about February 18th, cross the western mountain country by close of 17th, the great central valleys from 18th to 20th and the eastern States about the 24th.

This wave will initiate a period of remarkable weather and the country will experience almost everything from the tornado to the blizzard. Extremes of weather in nearly every respect may be looked for, but more cold than heat, more rain and snow and sleet and hail than drought.

In the north particular attention should be given to the protection of live stock during the last half of the month and in the south the early crops, particularly of gardeners, will suffer from cold rains, sleet and hail.

Tornadoes may be expected in the southern States and severe cold waves in the north. A cold wave of some importance will also cross the continent from 9th to 11th. I cannot answer correspondents unless they will enclose stamps.

The warm wave will cross the western mountain country about the 18th, the great central valleys about the 20th and the eastern States about the 24th. The cool wave will cross the western mountain country about the 19th, the great central valleys about the 21st and the eastern States about the 23d and will give the eastern States a blizzard.

The unusual weather of the 1895 crop season will take farmers and others by surprise, especially those who do not carefully read and study these weather bulletins.

Intelligent farmers and dealers will study the future of the weather, the former planning that which will best succeed in yield and price and the latter arranging his stock in trade to correspond.

The Show Last Night.

A fair audience greeted the "Two of a Kind" company last night at the Opera House. There was some fair singing and several laughable situations. Miss Truly Shattuck was the star of the company and was well received. The other members of the troupe were very ordinary and the play as a whole was very tedious and the audience seemed relieved when it was over.

Closing Out Sale.

The Palace Dry Goods and Carpet House has decided to close out their entire stock of carpets at cost. This is done to gain room for their extensive Dry Goods and Fancy Goods Departments. People knowing that when this firm has a closing out sale it means a saving of money to them; therefore it would be well for housekeepers and all those in need of carpets to call early.

Silver Wedding.

Mr. and Mrs. Robert Eason celebrated the twenty-fifth anniversary of their marriage at the Frey ranch Thursday night. Farmers, with their wives, sons and daughters, from the adjacent country congregated at their residence and had a very enjoyable time dancing and feasting until the "wee sma' hours" about the twal.

Election of Officers.

The Carson Amateur Minstrels to be Here Next Saturday Night.

In another column the coming of the Carson Amateur Minstrels is announced. The company will give an entertainment at the Opera House next Saturday night, the 16th. The program will consist of the regulation first part, but put upon the stage in a novel and original manner. The music, singing and choruses are said to be immense. Drills, club swinging and tableaux are interspersed throughout the program, young ladies being the performers in these numbers of the program. Specialties, acrobatics, and other attractions are introduced. A revolving stage and calcium lights will be features of the entertainment and the proceeds are to be used for a good purpose.

John P. Meder has the full management of the affair and he is a master in this line, so theater goers may be assured that they will be splendidly entertained.

Well and Happy

Thanks to Hood's Sarsaparilla—Dull Headaches—That Tired Feeling.

Mr. W. H. Toles, San Francisco, Cal.

"One of the greatest mistakes people make is to lock the door after the horse is stolen, or in other words, to wait until they are sick in bed before they do anything for the poor body. Neither my wife nor myself were real sick; I attended to my business, and my wife to her household duties daily. But we had dull, heavy headaches, and a little over-exertion would tire us greatly, and my appetite was very poor. So we took three bottles of Hood's Sarsaparilla, and the result was perfectly satisfactory. I believe Hood's Sarsaparilla."

Saved Us a Severe Sickness

And a big doctor's bill. If people would only remember that a course of Sarsaparilla is worth a pound of cure, there would be less suffering in the world. My advice to all who do not feel well is to take Hood's Sarsaparilla according to directions, and you will be well and happy."
